		<p>The McKelveys, Pioneers: Requests for April: Praise God for a sale in the business last week, our first this year after the market got tight last year. Pray for Sean and the leadership team making decisions about how to approach the rest of 2026. We join Pathfinders in praying for peace in the world; other than some elevated prices we haven't seen big impacts yet, but some part of Asia are already rationing fuel; changes like could considerably limit our business operations (potentially needing to let staff go) as well as Sean's travel plans for this year. Sean's activities as part of EPC World Outreach field leadership have increased and he has been enjoying connecting with workers around the world; he is also helping in some difficult situations, please pray that he could bring wisdom and hope where things are hard. We appreciate you and also Pathfinders prayers and support! Warmly, Sean</p>		<p>Young Life North Springs Monument: Pray - * That God would provide a full-time WyldLife Director as well as three part-time WyldLife staff members * For more female leaders in Monument to join and invest in students * For renewal and growth at DCC, that students would be excited and eager to get involved * That God would provide 15 additional adult leaders across our area * For our Capernaum director to build meaningful connections with more schools * For wisdom and direction as we revamp our student leadership program this fall * For continued equipping, encouragement, and training of our staff."</p>
